

Company Profile Hongyuan Group

History

Hongyuan Group is specialised in 'Integrated Services Providers for Cross-border Trade'.

Hongyuan Group was founded in Beijing Capital International Airport in January 2001. Since then, it has been closely linked with the fast-growing air transport service industry in China. It has developed global business: aviation and port services, cross-border e-commerce logistics services, supply chain financial services and cross-border trade execution services.

They have been present in Belgium since 2018. Hongyuan Group was the first China cargo company in Liège.

- In 2019, they operated 315 flights.
- In 2020, they operated 15 weekly flights to Liège & 3 weekly flights to Brussels.

Opportunities

Cargo Flight Operation Officers

- All round logistic import and export administrative follow-up. Drafting airwaybills, drawing up transport documents, making appointments with the handling agent, making customs declarations, etc....
- Experience
 - Being able to move to Liège 1 day a week
 - English is the working language = excellent written & spoken skills. French or Dutch is a plus, just like Chinese.
- Flexibility: Office hours are between 7 and 23, so both 7.00-15.00 and 16.00-23.00 shifts should be possible. Be able to work one or two week-ends per month.
- Apply via Connie.vaneyck@aviato.be.

Warehouse Operators/Supervisors

- Subcontractors take care of the packing and unpacking of the goods, the loading and unloading of the goods, etc...
- The job mainly consists of receiving the freight documents and checking the cargo, both incoming and outgoing and making adjustments where necessary.
- Experience
 - Must be able to work with the PC because registrations also take place and are digital because the content of the pallets/containers are scanned via an app on the smartphone.
 - Forklift certificate is not a necessity, but an asset
 - English is the working language = excellent written & spoken skills. French or Dutch is a plus, just like Chinese.
- Flexibility: Warehouse will soon be working 24 hours a day. Prepared for 3-shift work: early/late/night. Be able to work one or two weekends a month.
- Apply via gerrit.andries@aviato.be.
